Madison

Doug Cox

Public Member Menominee Indian
Tribe of Wisconsin
Keshena

Jennifer Hauxwell

Public Member
University of Wisconsin Aquatic
Sciences Center
Madison

Lauren Leckwee

Department of Administration
Madison

This document lists the Invasive Species Council's recommended regulatory status for species of the Terrestrial Invertebrates and Plant Disease-Causing Organisms Species Assessment Group (SAG). These recommendations are the council's proposed revisions to the Invasive Species Identification, Classification, and Control Rule (Chapter NR 40, Wis. Adm. Code). The council advises the department on a number of invasive species issues, including how to classify invasive species.

SAGs are advisory to the council, and are collections of stakeholders and experts that have valuable input for the species being reviewed. Like the council, they come from a variety of backgrounds including industry, research, education, tribal nations, and local/state/federal government. SAGs review the literature available on the species they're examining and develop recommendations to the council on the regulatory status for each species. The council then votes on these recommendations to produce the list below.

These proposed revisions will be presented by the SAG Coordinator via an online Zoom session on February 21, 2024 from 6:00pm – 7:30pm.

If you would like to register for this Zoom session or have feedback or questions related to the regulatory status of any of the species below, please visit the council website at:

<https://dnr.wisconsin.gov/topic/invasives/InvasiveSpeciesCouncil>

If you would like additional information, such as the literature review for a specific species, please email DNRIvasiveSpecies@wisconsin.gov.

The council will review all feedback received from these sessions before proposing their final recommendations to the department. The department will then begin the official rule making process, during which there will be additional opportunities for public comment.

Terrestrial Invertebrates and Plant Disease-Causing Organisms SAG Species Recommendations

Currently regulated under NR40 with proposed changes

Scientific Name	Common Name	Current Status	Council Recommendation
<i>Anoplophora glabripennis</i>	Asian long-horned beetle	Prohibited	Unregulated
<i>Agrilus planipennis</i>	Emerald ash borer	Restricted	Unregulated
<i>Adelges tsugae</i>	Hemlock woolly adelgid	Prohibited	Unregulated
<i>Dendroctonus ponderosae</i>	Mountain pine beetle	Prohibited	Unregulated
<i>Lymantria dispar</i>	Spongy moth, both European and Asian subspecies	Prohibited	Unregulated
<i>Phytophthora ramorum</i>	Sudden oak death pathogen	Prohibited	Unregulated
<i>Geosmithia morbida</i>	Thousand cankers disease of walnut	Prohibited	Unregulated
<i>Pityophthorus juglandis</i>	Walnut twig beetle	Prohibited	Unregulated

Species newly proposed for regulation under NR40

Scientific Name	Common Name	Current Status	Council Recommendation
<i>Litylenchus crenatae</i> n. sp. <i>maccannii</i>	Beech leaf disease nematode	Unregulated	Prohibited
<i>Helix pomatia</i>	Escargot snail	Unregulated	Restricted
<i>Cepeae nemoralis</i>	Grove snail	Unregulated	Restricted

Species assessed but not proposed for regulation under NR40

Scientific Name	Common Name	Current Status	Council Recommendation
<i>Haemaphysalis longicornis</i>	Asian long-horned tick	Unregulated	Unregulated
<i>Adelges piceae</i>	Balsam woolly adelgid	Unregulated	Unregulated
<i>Fiorinia externa</i>	Elongate hemlock scale	Unregulated	Unregulated
<i>Polistes dominula</i>	European paper wasp	Unregulated	Unregulated
<i>Lissachatina fulica</i>	Giant African snail	Unregulated	Unregulated

Scientific Name	Common Name	Current Status	Council Recommendation
<i>Harmonia axyridis</i>	Multi-colored Asian ladybeetle	Unregulated	Unregulated
<i>Arthurdendyus triangulates</i>	New Zealand flatworm	Unregulated	Unregulated
<i>Lycorma delicatula</i>	Spotted lanternfly	Unregulated	Unregulated
<i>Trichoferus campestris</i>	Velvet long-horned beetle	Unregulated	Unregulated

Currently regulated under NR40 with no proposed changes

Scientific Name	Common Name	Current Status	Council Recommendation
<i>Amyntas</i> or <i>Amyntus</i> species	Jumping worm	Restricted	Restricted
